PROGRAM

TSM WORKSHOP

18 JUNE 2013

Below is the preliminary agenda for 'GlobalPlatform Presents the TSM of Today and Tomorrow' seminar. Updates will be made as further details are confirmed.

GLOBALPLATFORM

The seminar will begin by laying a foundation of knowledge about the GlobalPlatform organization, its origin and current direction. It will also introduce GlobalPlatform's technology and the value proposition for specifications that enable and simplify the deployment of secure and interoperable mobile services.

- GlobalPlatform Overview – Kevin Gillick, Executive Director, GlobalPlatform
- GlobalPlatform Technologies – Gil Bernabeu, Technical Director, GlobalPlatform
- GlobalPlatform Systems Committee Overview – Gil Bernabeu, Technical Director, GlobalPlatform

ENABLING TECHNOLOGY FOR THE TRUSTED SERVICE MANAGER (TSM) ECOSYSTEM

The mobile near field communication (NFC) ecosystem incorporates multi-actors with many backend systems being operated by different entities with different business processes. Messaging specifications for mobile NFC services aim to address off-chip dialog between these actors and bridge the lack of interoperability between different backend systems and processes. This session will provide insight into those specifications, how to address compliance and how to simplify the deployment of payment on mobile devices.

- How GlobalPlatform Messaging Solves the Challenges of an Evolving Ecosystem – Patrice Amiel, Principal and Chief Software Architect, Gemalto
- Simplifying Your Implementation – Insight Into GlobalPlatform's End-to-End Simplified Framework Working Group – German Blanco, Product Leader, Converged Product Development, Emerging Payments, MasterCard Worldwide
- Making It All Work Through Compliance – Alexandre Martin, Senior Consultant, Galitt
- The GSMA Perspective – Francesco Iarlori, Project Manager-Mobile Commerce-Professional Services, GSMA

USE CASES

This session will explore real world implementations with an emphasis on best practices and lessons learned. The use cases will expose the role of GlobalPlatform in the implementation as well provide insight into the future vision of these services providers.

- NFC Mobile Payments – The Singapore Journey – Michelle Lim, Assistant Director, Industry Cluster Group - Finance, Tourism & Business Services, Infocomm Development Authority of Singapore (IDA)
- What's New in the Development Process Since Cityzi – Lorenzo Stranges, Head of NFC Marketing Team, Solutions Business Unit, Oberthur Technologies
- End-to-End TSM Interoperability using GlobalPlatform by Telefónica Germany – Waleed Badawi Technical Account Manager, Giesecke & Devrient
- Spain's Use Case – Evolving Towards GlobalPlatform – Natalia Jimeno, NFC Product Manager, Orange Spain
- MasterCard's Mobile Provisioning Framework – Leveraging GlobalPlatform's End-to-End Framework – Germán Blanco, Product Leader, Converged Product Development, Emerging Payments, MasterCard Worldwide

Further use cases to be confirmed

EXECUTIVE ROUNDTABLE

The presenters, along with invited guests, will participate in a moderated discussion with an open Q&A from the audience. The discussion will not only further explore the key concepts from the day's presentations, but will also delve into the entire mobile services ecosystem and the requirements for end-to-end interoperability and TSM integrity.

CLOSING COMMENTS BY GLOBALPLATFORM CHAIRMAN

- Marc Kekicheff, Senior Business Leader of Chip Innovation, Visa Inc.

COCKTAIL RECEPTION
